PS

Pactiv's EarthChoice® roaster base with high clarity dome, provides the perfect package to display your rotisserie chickens. The High Clarity Dome with Fog Gard™ and Smart Vent™ technology work together to provide excellent product visibility while the product is merchandised in a hot case. The EarthChoice® base is durable, microwaveable and made from a blended material that reduces the amount of plastic used in the product. The Zip Seal™ closure creates a tight seal that will allow the handler to transport the product with confidence.

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
