Hot Drink Cups and Lids

Hot Drink Cups and Lids

Envelop® Savor™ Cups

Feature Benefit

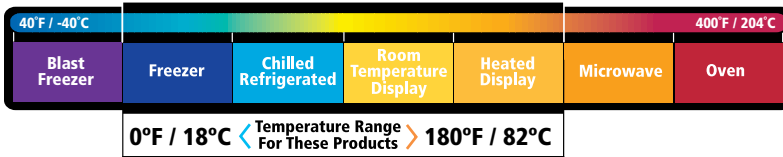

Envelop® Savor™ Cups

Superior Heat Retention	Cups are cooler to the touch, yet keep contents hot.
Exceptional Sidewall Strength	Eliminates need for cup sleeve/double cupping and ensures optimal sturdiness and durability.
Superior Graphics	Print capability is up to a 9 color process which can give you magazine picture quality.
Seamless Construction	One-piece construction improves leak resistance.
Envelop® Dome Lids	Offer pinch fit design to ensure the greatest leak/seep resistance.
Lock-Back Dome Lids	Helps prevent spills.

Envelop Cups, Cup Lids (0°F/18°C - 180°F/82°C)

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
