

Sealfresh<sup>®</sup> Case Ready Barrier Trays

**PACTIV**  
Foodservice / Food Packaging

Molded-in circular ribs provide strength and ease of handling.

Available in a wide range of sizes.

Sealfresh® Case Ready Barrier Trays from Pactiv LLC offer you an innovative way to extend the shelf life of products while providing the fresh-looking, attractive and leak-resistant package that customers will appreciate.

These advanced trays are designed with an O<sub>2</sub> and H<sub>2</sub>O barrier for Modified Atmosphere Packaging (MAP) environment to help maintain fresh meat color for extended periods of time. They offer a true case ready program by reducing labor at the store level. Sealfresh Case Ready Barrier Trays are available in a variety of sizes to meet your packaging needs.

## Features Benefits

Hermetic Seal	High quality flange will provide a leak-resistant package, promoting increased customer satisfaction and repeat sales.
O <sub>2</sub> and H <sub>2</sub> O Barrier	Container is designed for Modified Atmosphere Packaging (MAP) environment which helps maintain fresh meat color for extended periods of time.
Extended Display Life	Reduces shrink and out-of-stocks for retailers (When used in conjunction with MAP technology), helping to maximize profitability.
Case Ready Packaging	Helps save capital and labor at the store level, reducing costly overhead.
Durable Construction	Withstands the rigorous handling requirements of processors and retailers.
