

Recyclable Plates & Lids

*Designed For Carry-out Meals,
Reheating & Storing Leftovers*

Microwaveable Plates & Lids

Durable • Versatile • Recyclable

PACTIV

Foodservice / Food Packaging

Benefits:

Microwaveable

Your customers can conveniently reheat uneaten portions with no mess and no dishes.

Double Sealing Edge Protection

Reduce the risk of leaks! The Double Sealing Edge keeps liquids in, so your order makes the trip. Tuck in the inner seal first, then smooth out the rim!

Vented Lids

Liquids stay in but steam vents out! No more bowing means you can stack 'em without falling.

Dine-In

Plates alone are ideal for dine-in customers.

Clear Carry-out

Add a clear lid and your customers can view entrees while still getting the durability and protection of plastic.

Recyclable

Made from durable polypropylene. These plates and lids can be deposited into the established municipal collection stream.

Product Specifications

Item#	Color	Description	Case	Cube
WW-W10E	Black	10 1/4" Waveware™ Plate	200 ct.	2.92
